CORPORATE FUNCTIONS

When hosting a corporate event with an outdoor element, create a look that is functional, yet unforgettable to the attendee. Specializing in high-end, large scale events that require meticulous attention to detail and service, US Event Structures can fabricate an unobstructed space that will allow for flow of large groups in one contained area. Consider a structure for an upcoming trade show, convention, conference, or exhibition.

SPORTING EVENTS

A variety of professional sporting events such as soccer, tennis and golf tournaments, as well as horse racing, have all utilized our equipment for applications such as temporary shelter, food service, and hospitality accommodations. Our structures have also provided temporary facilities for a variety of professional sports teams and acted as event space for outdoor hosted events at arenas and stadiums across the country. Consider giving your next sporting event a grander presence with tenting from US Event Structures.

COLLEGIATE AND EDUCATIONAL EVENTS

Whether for commencement or convocation ceremonies, alumni receptions, fundraising occasions, or other collegiate/educational needs, US Event Structures will help you create a unique and festive feel for your event. On-campus or off, we will work with you to craft a space that celebrates students, alumni, donors, boosters, and other attendees, and renews everyone's school spirit.

TWO STORY STRUCTURES

Double your usable event space with one of the finest engineered, two story structures available in the United States. A two story structure offers a unique level of versatility. This style provides an opportunity to entertain clients with hospitality on one level and entertainment on another, yet all encompassed under one tent. The second floor can be configured in almost any way you choose. You can create an interior balcony overlooking the first floor, or exterior balconies to create a covered outdoor area. Many options are available to customize your perfect space.

ACCESSORIES

US Event Structures offers accessories to create a distinct look for any type of event. Choose from a variety of wall options, such as vinyl walls offered in solid, clear or French cathedral, solid hard walls or glass paneled walls. Consider adding clear roof panels or a ceiling treatment, available in a variety of colors and styles, for added elegance. Other options include standard lay down flooring with various grades of carpeting and hardwood cassette flooring, which can be elevated to fit any terrain. Lighting packages as well as climate control and power generation are also available to create the perfect environment.
